

**BBA ANNUAL CONFERENCE 2025**  
**4<sup>TH</sup> – 6<sup>TH</sup> JUNE 2025**  
**DOUBLETREE BY HILTON BRIGHTON METROPOLE**  
**BENCH BED AND BEYOND**

<b>Tuesday 3rd June 2025 – Research Day</b>	
10:30	<b>Registration &amp; refreshments</b>
11:00-11:40	Dr Shirin Saberianpour – University of Brighton - Cellular interactions with wound dressings
11:40-12:20	Prof Tony Metcalf – University of Birmingham - Biomaterials in wound healing
<b>12:20-13:30</b>	<b>Lunch and Refreshments</b>
13:30-14:10	Prof Toby Jenkins – University of Bath - Development of new approaches for treating burn wound infection
14:10-14:50	TBC - Laser treatment of Scars
<b>14:50-15:30</b>	<b>Refreshments</b>
15:30-16:10	Ms Hollie Richards – University of Bristol - The Priorities in Global Burns Research Prioritisation Setting Partnership: The Top 10 research priorities in global burns care
16:10-17:00	Panel discussion - The future for research in Burn injury

## Wednesday 4<sup>th</sup> June 2025

Wednesday 4 <sup>th</sup> June 2025		
08:00	Registration and Refreshments	
09:00-09:20	Opening ceremony Nicole Lee – Chair, British Burn Association and Simon Booth, Chair of Local Organising Committee Paul Coppard, Group Manager, East Sussex Fire and Rescue Service	
09:20-10:45	Free papers – Session 1 Chairs:	
09:20	Standing Tall Amidst Adversity: The Lived Experience of Patients with Chronic Non-Healing Burns - Richard Pascua, Chelsea and Westminster Hospital NHS Foundation Trust	
09:30	Use of Laser Capture Microdissection and Mass Spectrometry to investigate the differences between healed, progressing and unhealed areas within a delayed healing burn wound - Alison Thomlinson, Royal Manchester Children's Hospital	
09:40	Research Priorities in Burns Critical Care: a National Delphi study - Tara Tallulah Garioch, Glasgow Royal Infirmary	
09:50	An epidemiological survey of fluid resuscitation practice in burns patients in the United Kingdom - Dr Ascanio Tridente, Mersey And West Lancashire Teaching Hospitals NHS Trust	
10:00	A retrospective review of the Birmingham Children’s Hospital hybrid fluid protocol with 20 consecutive paediatric resus burn patients - Dr Mitchell Nash, Birmingham Children's Hospital / Queen Elizabeth Hospital	
10:10	Burn mortality prediction, length of stay and cost associated with major burn injuries - Aoife Feeley, HSE	
10:20	A UK review of Delivery of a Defibrillated Shock to a Burn Injured Wet Chest Wound – Nicole Lee, London And South East Burns Network	
10:30-11:10	Coffee, exhibition and poster viewing	
11:10-1215	The 2025 A B Wallace Memorial Lecture - “Why Paediatric Burns?” Professor Mamta Shah, Royal Manchester Children’s Hospital	
12:15-13:00	Poster Session 1	
13:00 – 14:00	Lunch & exhibition	
13:00-14:00	Education SIG Meeting – Renaissance Room	Anaesthetics/Critical Care SIG Meeting – Durham Gallery
13:25-13:55	<b>Spectral AI Sponsored Symposia</b> <b>Chair:</b> Prof Paul Chadwick PhD MSc BSc(hons)  <b>What is the gold standard for creating an AI algorithm?</b> <b>How is the AI data generated to train the device?</b> Dr Jeffrey E Carter, MD, FACS, FABA Professor of Surgery, LSUHSC New Orleans, Medical Director, UMC Burn Center, Director, UMC Trauma & Burn Services  <b>DeepView Snapshot: Early experience in the Bristol Adult burns service.</b> Mr Chris Wearn MBiochem(Hons) PhD FRCS(Plast) Clinical lead, Bristol Adult Burns Service, Southmead Hospital, Bristol, UK  <b>Q&amp;A</b>	

**Free Papers – Session 2**  
**Chairs**

14:00	Chemical Burns from Skin Preparation in Neonates: An emerging chemical burns risk? - Shreyas Supparamaniam, Royal Victoria Infirmary Newcastle
14:10	Paediatric friction burns: a systematic review - Djamila Rojoa, Queen Victoria Hospital
14:20	National guideline and patient education resources for Paediatric Burns-Related Toxic Shock Syndrome: A UK consensus approach - Dr Toluwaniyin Owoso, Stoke Mandeville Hospital
14:30	Long-term patient-reported outcomes in paediatric partial thickness burns using Epiprotect® and Biobrane®: A retrospective comparative study - Olivia Hartrick, Stoke Mandeville Hospital
14:40	Development and evaluation of a rehabilitative activity programme for pre-school children with burn injuries - Alison Thomlinson, Royal Manchester Children's Hospital
14:50	Investigating Pyrexia in Paediatric Patients with <10%TBSA Burns – Daniel Lam, Alder Hey Children's / University of Liverpool
15:00	Burns associated with social media challenges in a paediatric burns service - Alexandra Murray, Glasgow Royal Infirmary
15:10	An evaluation of patient and parent experiences of multi-disciplinary paediatric burns follow-up clinics - Orla Austin, Mid Yorkshire NHS Trust/university Of Leeds
15:20	The development of a safe and effective risk assessment and protocol for venous thromboembolism (VTE) Prophylaxis in Paediatric Burns - Dr Mitchell Nash, Birmingham Children's Hospital / Queen Elizabeth Hospital
15:30	Design and Results of OPTIMISE Trial: an observational pilot study to compare conservative treatment versus surgery in indeterminate burns in children - Federica D'asta, Birmingham Children's Hospital
15:40	A 20 year epidemiological study of paediatric referrals to a UK burns centre – Lucy Hoade, Morriston Hospital

**‘Burns, Bonds, Beyond’**

**Celebrating 10 years of family weekends with Children’s Burns Trust and London & South East Burn Network**

15:50-  
16:20

Jo Myers - Operations & Relationship Manager, Children’s Burns Trust  
 Louise Rodgers - Advanced Clinical Practitioner – Occupational Therapist, Queen Victoria Hospital NHS Foundation Trust  
 Dr Kate Davenport - Senior Clinical Psychologist, St Andrews Burns Centre  
 Lottie Armitage - Senior Occupational Therapist, St Andrews Burns Centre  
 Sue Boasman - Advanced Nurse Practitioner, St Andrews Burns Centre

**Free Papers – Session 3**  
**Chairs:**

16:20	Evaluating inter-and intra-rater reliability in the bronchoscopic grading of burn inhalation injury: the iBRONCH-BII study - Eleana T. Kumana, Imperial College London; King's College London
16:30	Sinhale: Validation of a novel scoring system for burn inhalation injury - Dr Elizabeth Concannon, Royal Adelaide Hospital
16:40	The prevalence of pharyngo-laryngeal oedema, the nature of vocal fold dysfunction and the prevalence of dysphagia in the critically ill Burns population post intubation and/or tracheostomy insertion - Ailis Brunton, St James Hospital, Dublin
16:50	Pre-hospital Advanced Airway Management in patients with Burn/Thermal Injuries: A Retrospective Study of Severity, Interventions and Outcomes - Harsha Kodakadath, Aakss
17:00	Evaluation of pulmonary function testing post veno-venous extracorporeal membrane oxygenation (VV-ECMO) support of respiratory failure in two patients with severe smoke inhalation injuries - Dr Will Norbury, Thomas Jefferson University Hospital
17:10	Percutaneous Dilational Tracheostomy in Adult Burn Patients: A Retrospective Study of Complications and Outcomes Over a 13-Year Period – Jennifer Watson, Mid Yorkshire Teaching Trust
17:20- 18:30	<b>Networking conference reception – Exhibition Hall</b>

## Thursday 5<sup>th</sup> June 2025

07:30	Brighton Beach litter pick OR run along the beach – Meet in hotel reception
08:00	Coffee and Registration
<b>Free Papers – Session 4</b>	
<b>Chairs:</b>	
08:30	Initial experience closing burns and wounds with the next-generation autologous cell harvesting device in a regional referral burn center - Rajiv Sood, Avita Medical
08:40	The Clinical Impact of Skin Cell Suspension Autograft from a National Registry Perspective - Dr Jeffrey Carter, Louisiana State University Health Science Center
08:50	Split-Thickness Skin and Dermal Pixel Grafts Can Be Expanded up to 500 Times to Re-Epithelialise a Full-Thickness Burn Wound - Riyam Mistry, Queen Victoria Hospital
09:00	Steroid Mindfulness: An assessment to Terra-cortril utilization for Change of Dressings in London Burns Center - Towards a Graduated Steroid Transition Ladder - Richard Pascua, Chelsea and Westminster Hospital NHS Foundation Trust
09:10	The Burns Outreach Bus - Turning a vision in to reality - Sue Boasman, Mid and South Essex NHS Trust
<b>Free Papers – Session 5</b>	
<b>Chairs:</b>	
09:20	A clinician survey of skin substitute use in burns in the UK and Ireland: the CASSIUS study – Alice Lee, St Andrew's Centre For Burns And Plastic Surgery
09:30	Management of diabetic lower limb burns: a 10-year review at a regional burns centre with a multidisciplinary team treatment protocol to prevent immediate and long term sequelae - Kazem Al-masri, Pinderfields Hospital
09:40	Grafting in lower limb burn injuries and early mobilisation - Prof Odhran Shelley, St James Hospital
09:50	Evaluation of role of rhomboid flap and double Z-plasty in post burn contractures, a prospective cohort in Iraq - Wameth Alaa Jamel, Al-wasity Teaching Hospital, Al-Russafa Health Department, Baghdad, Iraq
10:00	Responding to the emergency in Lebanon: establishing a burns service during conflict - Sian Falder, Alder Hey Children's NHS Foundation Trust
10:10	Kyiv burn centre: our experiences as UK-based burn surgeon and burn nurse working with the Red Cross - Steven Jeffery, Pioneer Clinics
10:20	WITHDRAWN
10:30	WITHDRAWN
10:40-11:15	<b>Coffee, exhibition and poster viewing</b>
	<b>INVITED SPEAKER</b>
11:15-11:45	<b>Sustainability in Healthcare - Consideration in Burn Services</b> Heather Baid, University of Brighton and Nicole Lee, BBA Chair
<b>Free Papers – Session 6</b>	
<b>Chairs:</b>	
11:45	Reducing PPE Waste and cost in Burn Care: Implementation of a Chaperone-Based Approach - Shawn Shibu, Mersey Burn Center
11:55	Impact following implementation of Ultraviolet Light (UVC) decontamination system into a regional burn centre with overview of the literature on UVC technology in healthcare - Varun Singh, Whiston Hospital
12:05	Therapy experiences of a single centre's use of Biodegradable Temporising Matrix (BTM) to treat adult burns and other skin loss disorders between 2020 and 2024 – Rachel Jones, Welsh Centre for Burns and Plastic Surgery
12:15	<b>Annual General meeting of The British Burn Association</b>

13:00-14:00	Lunch, exhibition and poster session 2	
13:25-13:55	<b>PolyNovo Sponsored Symposia</b>  <b>Suprathel: our early experience in adults</b>  Mr Dilnath Gurusinghe MBBS(Lond), MRCS(Eng), FRCS(Plast) Burns, Plastic & Reconstructive Surgeon Mersey Regional Burn Centre, Whiston Hospital	
13:00-14:00	Nutrition SIG Meeting – Renaissance Room	Prevention SIG Meeting – Durham Gallery
13:00-14:00	Overseas SIG Meeting – Durham Gallery	
<b>Free Papers – Session 7</b> <b>Chairs:</b>		
14:00	Onychomycosis and Burn Patients: Exploring the Potential Association with Invasive Fungal Infection - Dr Neil Nathwani, Mersey Burn Centre, Whiston Hospital, Mersey And West Lancashire NHS Teaching Hospitals	
14:10	An audit of fungal burn-wound infections in a major burn centre - Dr Maryna Korzan, St Andrew's Centre - Plastic surgery and burns	
14:20	Day 1 specialist burns review reduces infection rates: an evaluation of the referral pathway - Conor Taylor, Army (MOD)	
14:30	Presence of Microbes within the first 2-6 weeks in Burns Injury: Sensing its Healing Pathway - prolonged healing and hospital stay - Jemanre Warain, Chelsea And Westminster	
14:40	10 years of BTM. A clinical audit in burns and wounds with lessons learned - Prof Marcus Wagstaff, Royal Adelaide Hospital	
14:50	The impact of socioeconomic deprivation on first aid adequacy for burn injuries: A retrospective cohort study - Man Hin Kong, University Of Buckingham	
15:00	Is Zero Pain Burn Care an Impossible Dream or Achievable Reality, and can we learn lessons from Maternity services and the Labour ward? - Laura Conroy, University of Liverpool	
15:10	Self-harm burns: experience in a single paediatric burns centre - Mira Salem, Birmingham Children's Hospital	
15:20	Burn assessment in darker skin tones: a call for evidence and actions – Luke Davies, University Of Bristol	
15:30-16:20	<b>INVITED SPEAKER</b>  <b>Exercise HESTIA - Niall Martin</b>	
	<b>Free Papers – Session 8</b> <b>Chairs:</b>	
16:20	Identifying the frequency, distribution and scale of burns mass casualty incidents globally through media screening: a literature and media review - Louisa Colley, Interburns	
16:30	Lessons learned from a pilot simulation-based Burns Incident Response Team (BIRT) training exercise – Karen Highway, North Bristol NHS Trust	
16:40	Operational impact of a national live monitoring system for burns bed status occupancy - Dr Ascanio Tridente, Mersey And West Lancashire Teaching Hospitals NHS Trust	
16:50	Multicentre retrospective case series of patients with fuel contact burns sustained during small boat crossings of the English Channel - Peter Macneal, Royal London Hospital	
19:00-00:00	BBA Conference Dinner	

## Friday 6<sup>th</sup> June 2025

08:00	Coffee and Registration
	<b>Free Papers – Session 9</b> <b>Chairs:</b>
08:30	The First Reader Study of Burn Wounds with Predictive Artificial Intelligence Analysis - Dr Jeffrey Carter, Louisiana State University Health Science Center
08:40	Artificial Intelligence-Enhanced Multispectral Imaging for Burn Wound Assessment: Insights from a Multi-Centre UK Trial - Leslie Poh Hong Tan, Royal Victoria Infirmary
08:50	Emerging technologies in burn size assessment: a systematic review – Dr Amy Woods, Rvi
09:00	Can artificial intelligence see beyond what the human eyes see? A prospective study to assess the accuracy of the DeepView Snapshot system in predicting wound healing potential - Suhaila Abouhadid, North Bristol NHS Trust
09:10	Patient experience of artificial intelligence: is the use of a multispectral imaging device as part of a burns consultation acceptable to patients? - Miriam Nyeko-Lacek, Manchester University NHS Foundation Trust
09:20-09:50	<b>Panel – Future of technology in Burns care</b>
	<b>Free Papers – Session 10</b> <b>Chairs:</b>
09:50	Exploring patient concerns about burn wound healing and appearance - Alyss Robinson, Queen Victoria Hospital NHS Foundation Trust
10:00	The Visible Difference Parenting Toolkit: evaluating a co-produced ACT-based intervention for parents/carers of children with burns and other appearance-affecting conditions - Professor Diana Harcourt, Centre For Appearance Research, University of the West of England, Bristol
10:10	Enhancing Burn Care through Digitalisation of Patient-Reported Outcome Measures before Clinic Appointments - Dr Bryant Chong, Buckinghamshire Health NHS Trust
10:20	Sight loss following a major burn injury: Are we missing the blind spot? - Dr Muireann Keating, St James's Hospital, Ireland
10:30	Keloid scars - is variation in funding in the UK contributing to health inequalities for ethnic minorities? - Anaya Joshi, Leicester Royal Infirmary
10:45-11:15	<b>Coffee, exhibition and poster session viewing</b>
	<b>Free Papers – Session 11</b> <b>Chairs:</b>
11:15	Psychological Care: Problem-Solving Workshop for the Multidisciplinary Team - Dr Leila Eccles, Mersey And West Lancashire NHS Trust
11:25	Minimising pain associated with intralesional scar injections – a systematic review, and national survey of clinicians' practices - Ali Jawad, Queen Victoria Hospital
11:35	Critically ill burns patients - retrospective analysis of outcomes over 10 years - Dr Ascanio Tridente, Mersey And West Lancashire Teaching Hospitals NHS Trust
11:45	A case series of psychological therapy for burns-related injuries across acute and long-term treatment phases - Dr Faromarz Nasiri, Mersey And West Lancashire NHS Trust
11:55	Journal review – Burns – Leo Cancio
12:05	Journal review - European Burns Journal – TBC
12:15	Journal review – Burns scars and healing – Kayvan Shokrollahi
12:25	Journal review – JBCR – Dr Jeffrey Shupp
12:35-14:00	<b>Lunch &amp; exhibition</b>

13:00-14:00	Poster session 3	
13:00-14:00	Therapist (BTIG) SIG Meeting – Renaissance Room	Nurses SIG Meeting – Durham Gallery
	Psychosocial SIG Meeting - Durham Gallery	
	Free Papers – Session 12	
	Chairs:	
14:00	Virtual peer supervision for burn therapists - Fiona Toland-Mitchell, Royal Victoria Infirmary, Newcastle Upon Tyne	
14:10	Complex psychological care burns pathway - Dr Leila Eccles, Mersey And West Lancashire NHS Trust	
14:20	Co-Design and implementation of NHS service guidance and resources for parent administered home dressing changes in paediatric burns aftercare - Dr Samantha Goodliffe, University Of Birmingham	
14:30	The Priorities in Global Burns Research open access data repository – experiences of burns care and research priorities from survivors, carers and healthcare professionals - Hollie Sarah Richards, University of Bristol	
14:40-15:00	Presentation of awards and close of conference	

The following CME points have been awarded for the conference:

Tuesday 3rd June (Research Day) - 3 points

Wednesday 4th June – 8 points

Thursday 5th June - 7.5 points

Friday 6th June - 6 points
